little aerial musical circus
on
Life is a theater

“ *Life is a Theater* ” is a small odyssey of a mime of air, obliged by the musician (her partner onstage) to exhibit her abilities as acrobat. The two protagonists seems to have stepped out of an old silente film , they find themselves having to share forcably the stage.

This given life to a comic and surreal show, as in the best tradiction of classic mime.

In this space between the earth and the sky the lines of a new direction of theatre are hitly traced : a vertical theatre

Life is a theater is born of the meeting between different expressive techniques : the spectacular arial acrobatics of the tissue, the poetry of mime and the comedy of clown.,

The magic and force of living music that substities the spoken word.

The show is a rafined , unique and fun show for a publics of all ages and nationalities.

Adapt for both open and (events in townplace , festivals..)and closed place(theatre and private events..) , the stage of “ *life is a theatre* ” could even been a tree in a park or in the centre of a public square , the balcony of an archade , colouring wichever events with a magic tint and unforgettable atmosphere.
